The exercise scenario is a narrative statement which details background information on a hypothetical emergency situation on which an exercise is based. Factors to include in an exercise scenario are:

1. Specifying a hypothetical emergency event;
2. The notification process which informed officials of the event;
3. Advanced warning, if any;
4. Time of event occurrence;
5. Geographical information;
6. Nature and scope of the event, including exposures to threats;
7. Immediate response actions taken;
8. Initial damage assessment facts; and
9. Weather conditions.
